Clothing Moth Prep Sheet

Treatment:

Two-time treatment, spaced 30 days apart. Second treatment to be scheduled at time of initial service.

Warranty:

Begins 30 days from date of second treatment pending proper preparations were performed in advance by homeowner.

Preparation Instructions:

1. People and pets must vacate during service for 2 hours.
2. House Prep: (Must be done before the technician arrives)
 - a. Clean out all closets (floors, shelves, and hanging items) and beneath beds.
 - b. Pull out clothes drawers, emptying those with woolens, and stack them all facing the same direction.
 - c. Make baseboards accessible—move small items, toys, etc. It is not required to move large furniture.
 - d. Clean underneath beds
3. Vacuum all carpets and baseboard areas, paying particular attention to carefully cleaning any shed pet hair that may be present.
4. Homeowners can help avoid re-infestation by storing unused woolens in garment bags, plastic garbage bags, or in trunks with moth balls.
5. The more thorough the preparation the more precise we can inspect and treat.
